Prayer Update August 2019

Dear friends,

As I write, Jackie and Jon are travelling to Heathrow Airport to catch their first flight on their journey to Uganda. As a result I am stepping back into the Administrator's role just for one issue of the prayer update, so that you can be fully informed about their trip and can pray along with them.

The team this year is small, comprising just Jon Sermon (our chairman) and Jackie Woodley (our new administrator), so a large part of the trip will be showing Jackie as much as possible of Uganda and enabling her to meet as many of our contacts there as possible, though Jon also has particular issues to address with some of our partners. As they leave, please pray in particular for two general health needs:

- for Jon to remain fully fit as he has only just returned to work following a hernia operation. There is a lot of driving to be done throughout the visit, as well as a certain amount of physical exertion
- for Jackie to cope with all the travelling, both by plane and by car, as she suffers significantly from travel sickness. In addition she has never flown before and has never been outside Europe, so please pray that she copes well with all the new experiences.

Please pray too for Jon and Jackie's families back home. Ruth Sermon's health is variable, so please pray that she remains strong while Jon is away. Jackie's daughter Paige is staying with various relatives and friends while her mother is away, so please pray that all of these arrangements work well.

In addition, as we ask each year, please pray for all the practical arrangements to go smoothly, for good health and sleep, safe travel as Jon and Jackie drive themselves, good relationships with all they meet and for fruitful ministry. There may also be additional meetings with pastors not listed and, as always, plans may alter at the last minute. Please pray using the programme below and the attached map.

A further possible prayer aid is for you to receive the regular updates which Jon hopes to send by email whenever wifi is available. If you would like to be included in these please let Chris know (chrismvivian@gmail.com).

| | |
